Project topic : Throughout Asia, ANZ Bank has set into motion a number of medium and long term goals to expand its presence in Asian banking & Capital/Securities (Equities, Derivatives, Foreign Exchange, Bond etc.) market considerably. Over next few years, ANZ is looking to earn at least 20% of its world-wide revenue from Asian banking & Capital/Securities Market. To achieve these, ANZ has undertaken several big initiatives including Retail Channel Enablement (RCE) program, and has selected SAP/Sybase e-Banking / m-Banking products (Consumer and Corporate Banking, SAP Mobilizer), SAP CRM/SCM/PI, SAP Equities and Foreign Exchange solutions for trading, position keeping, pricing, and risk management processes with eFinacle product (Core Banking) for its Internet and Mobile Banking platforms to revamp Asian business.

Thai Military Bank (TMB) is one of the top 5 banks in Thailand. TMB has setup one completely online subsidiary new bank called Gamma Bank for its esteemed Customers. Gamma Bank is fully online, state-of-the-art, secure, robust banking facility targeted for Consumer Customers with internet and mobile banking infrastructure to streamline banking & Capital/Securities (Equities, FX etc.) business in Thailand & abroad. TMB has selected SAP/Sybase internet and mobile banking products (Consumer and Corporate Banking, SAP Mobilizer), SAP Equities and Foreign Exchange solutions for trading, position keeping, pricing, and risk management processes along with TMB-CBS System (Core banking) to enhance business.
