IIM INDORE

Editor's Desk

Dear Alumni,

This issue of the newsletter provides you information about the success achieved by some of our IIMI Alumni, while staying connected with your alma mater.

During August 2022, we conducted two talks under the Alumni Talk Series Wisdom (प्रज्ञा). We heard from Mr. Neeraj Joshi, PGP Alumni, & a veteran marketer, how marketing has evolved over the decades in India. The second talk was delivered by Mr. Anupam Chakraborty, EPGP alumni. He spoke on how changes provide enormous opportunities and the tools to thrive in the age of digital disruption. His talk gave a real-life picture of leading digital transformation and innovation experiences. In case you missed these talks, you can view the videos of the talk series on the [YouTube channel](#) of the Institute as well as on the website and other social media handles of the Institute.

I am delighted at how our alumni are charting their way to find solutions in various fields. This month's entrepreneur, Dr. Preet Pal Thakur, a doctor by training, demonstrated how to identify gaps in the existing system and provide a solution. He is a Co-Founder of Glamyo Health, an asset-light healthcare service provider with a laser-sharp focus on resolving the real pain points that patients have to regretfully encounter when having surgery.

We are entering into MoUs with top Institutes and Universities worldwide to conduct collaborative teaching, learning and research programmes. This would allow us to expand our horizons and let our participants have the best of the world under a single roof.

This newsletter issue will also demonstrate how our participants contribute to businesses (i5 Summit) and society (iHelp) and justify our objective to develop socially conscious and contextually relevant managers.

In August 2022, we had successful alumni meets at of Delhi – NCR chapter, Bengaluru chapter and an informal meet of Mumbai chapter at our Mumbai campus. I hope you will take the time to explore and connect with your local chapters.

This newsletter is distributed through email to nearly 10,000+ alumni. We know our alumni are doing amazing things, including founding and leading promising businesses and pursuing unique personal pursuits. If you have a personal or professional update you want to share in the next edition of the newsletter, please submit a brief update with your photograph and relevant web links.

We also invite our prolific book-writer-alumni to share information about their work. You may share information at alumnioffice@iimidr.ac.in. If you want to share any other significant achievement of yours, please do share it with us for larger dissemination among the community.

We welcome your suggestions at alumnioffice@iimidr.ac.in to make this newsletter a strong connect between the Institute and alumni. All IIMI Alumni Chapters are requested to submit the Alumni office regular updates on events and news that should be shared with the IIMI community. These updates will be included in future editions of the newsletters.

To update your mailing address, employment and more, please write to alumnioffice@iimidr.ac.in with a cc to alumni@iimidr.ac.in. Remember to add these two email ids to your safe sender's list.

With warm regards,

Prof. Ganesh Kumar N.

Alumni Talk Series "Wisdom" (प्रज्ञा)

The institute is hosting a series of alumni lectures to commemorate the 25th anniversary of the institute and to honour the accomplishments of several of our alumni. The Alumni Talk Series "Wisdom" (प्रज्ञा) will invite distinguished alumni to share their work and wisdom (e.g., the innovations they crafted and implemented, reinventing business models etc.) with the IIM Indore community. This series seeks to foster relationships with alumni, existing participants, and faculty.

This year-long series is a part of the Silver Jubilee Celebrations #IIMlat25 on completing 25 glorious years of the institute. We intend to conduct 25 talks by our alumni in the coming 12 months.

The speakers will share their experience and innovation in dealing with a pandemic or some emerging trends in their domain of expertise to inspire the next generation of graduates. They will share with us a 45-minute live video on Zoom Platform. In addition, we will record the video and keep it in our repository to live talk.

You may watch the Alumni Talk Series videos on:

Delhi NCR Chapter Meet by Alumni Association

Delhi NCR Chapter Meet, organised by Alumni Association on August 6 in Gurugram, was a widely successful event, attended by more than 110 alumni, from the batch of origin (PGP 2000) to recent graduates of PGP 2022, missing only PGP 2004 batch. Maximum participation was seen from the recent-most batches. To everyone's delightful surprise, few alumni also travelled from cities like Jodhpur, Lucknow, Ahmedabad, and Mumbai to attend the much awaited meet.

The objective of the event was to primarily create networking opportunity for professionals and entrepreneurs, through stories of success and initiatives, and also provide career guidance to

younger batches. It was inaugurated by Mr. Vikash Thakur, a PGP 2013 pass-out, with some cheerful welcome greetings. The event was further chaired by notable senior alumni such as Mr. Rahul Razdan, Mr. Vikas Bansal, Mr. Dhruv Bhushan, Dr. Preet Pal Thakur, and Mr. Kumar Vaibhav. They shared their professional and entrepreneurial journeys with the audience and addressed their questions.

A minute of silence was also kept at the start of the inauguration in the memory of Ms. Riddhi Sood, a PGP 2021 pass-out.

The venue for the meet was sponsored by our alumni, Mr. Chakradhar Gade and Mr. Nitin Kaushal, co- planning and execution of the event. The chapter also thanks Mr. Kumar Vaibhav, from founders of Country Delight. The chapter is grateful of both the co-founders and also our alumni – Mr. Manish Parmar from class of 2012, an Entrepreneur In Residence at Country Delight, who supported greatly throughout the class of 2012, for gifting organic cotton socks, a product by his venture – Moms Home, to first fifty attendees. Finally, the chapter would also like to thank the board of director of the Alumni Association, Mr. Rahul Razdan and the alumni office chair – Prof Ganesh, for their constant support.

Looking forward to even greater participation and collaboration in the next alumni meet!

Best Regards,

Glimpses of informal Alumni Meet at the Mumbai campus on Sunday, August 28, 2022

Alumni attending the meet

Prof. Ganesh Kumar N.
Chair, Alumni addressing the alumni

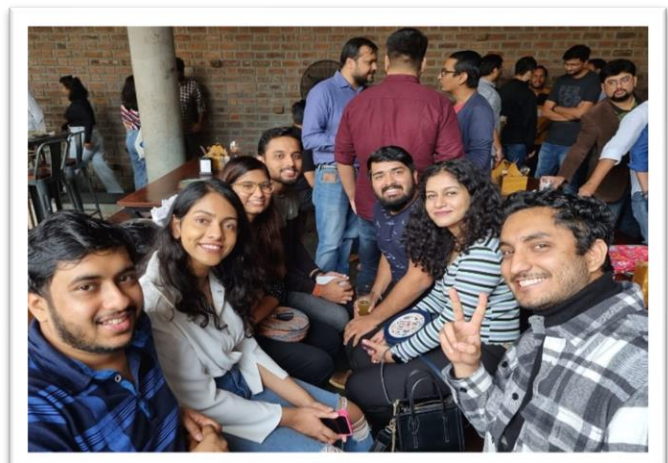

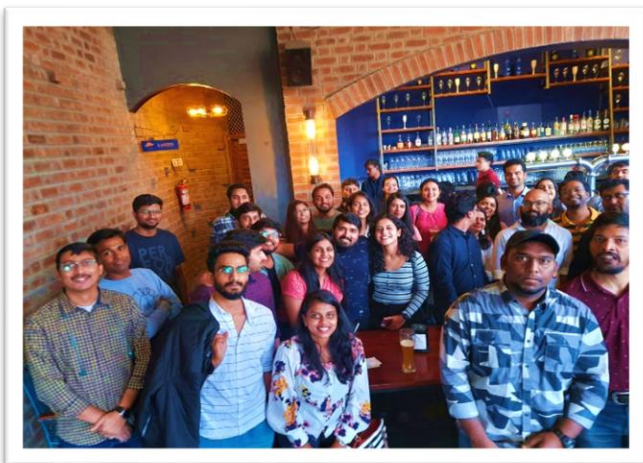

Bengaluru Chapter Meet by Alumni Association

Bengaluru Chapter of IIM Indore Alumni Association organised its first meet up on this Friendships Day 2022 - August 7 in The Bier Library from 4 PM onwards.

The objective of the meet up was to have free flowing conversations between all the alums located in Bangalore and eventually ease these meet ups by sharing stories and rendezvous of the alums. The senior batches could mentor the younger batches whereas younger batches could help senior batches with hiring, promotional activities - creating a wider network overall.

We received an overwhelming response from our Alums - ranging from the 2005 batch to 2022 batch. We had 100+ alums who had joined in for a beautiful evening of conversations and encouragement. Hearing cheers on every table as people sculpted new friendships was

a sight of its own. We had a good mix of senior alums to the recent alums. It was impressive to know their journeys through the years and also to relive the campus memories. We had founder of Nestry, Geotechnical Engineering Modelling Software and AcadSpace who stayed with us till the end and kept the evening lively.

We look forward to hosting more of these meet ups to keep the conversations flowing

Best Regards,

1. How did your entrepreneurial journey start?

Being a doctor by first training, during my clinical practice with Fortis Hospitals in their Cardiology department, I realised the big opportunity presented by the nascent Corporate Healthcare in India. That's why I decided to do an MBA to augment my managerial skills.

Post my MBA from IIM Indore, I have had a successful 13+ year stint as a private Equity investor - investing into healthcare companies – 4 of which went on to become India's largest in their respective sub sectors.

This made me understand the various gaps in the healthcare ecosystem in which was sub optimally served and ripe for disruption. Hence, in early 2020 we took a plunge to solve the Secondary care planned surgeries market in India.

2. Briefly describe your business and why you chose this particular field?

Glamyo Health (www.glamyohealth.in) is an asset light healthcare service provider with a razor sharp focus on solving the real pain points that the patients unfortunately have to experience when they undergo surgery.

We have helped more than 300k patients with free medical counselling sessions, helping more than 1500 patients ease out their surgical journey every month.

We have been able to provide cutting edge treatments like laser and laparoscopic minimally invasive treatments - reducing the post operative recovery time and allowing the patient to resume his normal life significantly quicker.

Glamyo Health is well on its way to touch 1 million lives in the next 12 months as we scale to 45+ cities of the country.

Reasons to choose this field – Strong Unit economics, blue ocean market (secondary care surgeries is a 30 bn + market), real pain point for patients, prior experience in scaling up start-ups as a healthcare investor.

3. What were the major challenges you faced in starting your business?

We started the business in Feb 2020 after we raised our small seed round. Lo and behold, within 30 days, the PM announced nationwide lockdown and there was an uncertainty right at the beginning whether we will be **Covid babies OR Covid Orphans**.

In hindsight (and hindsight is 20/20 vision), this was the best thing that could have happened to us. We were forced to be lean and innovate on almost all aspects of the business. I would say that has a huge contribution in whatever little we have been able to scale.

4. Did you go for external funding for your start-up/ firm? What factors helped you to secure such funding?

Yes we have raised external funding for Glamyo Health. We have raised Series A funding of 6 Mn USD and currently raising a series B round of 15 Mn USD.

5. What would be your advice for an MBA who is considering a startup?

Right now is possibly the best time to explore entrepreneurship option. Even if you are not ready to start on your own, you would do well to experience the chaos at a bustling start up. And if you are wanting to start something on your own, focus on following things.

- Identify the idea with following characteristics
 - Large addressable market, you ideally, should not be later than 3rd player in the market
 - Niche market – Preferably first offering in that market

-
- Be brutally honest with yourself when evaluating the idea. If you fail, you don't only lose time but the guts to do a start-up again
 - Solve a real pain point or need.
 - No one can steal your idea. Execution is the biggest moat / differentiation unless you are making a rocket ala Elon Musk.
 - You don't have to be the highest paid person in the company.
 - Digital marketing – Hire the best possible resource that you can find. He/ she will come at a salary - multiples of yours – Be ok with it.
 - Focus on Sales, Sales in the first 6-12 months even if the product / offering is only 60% of what it should be. An MVP doesn't always need a code or an app
 - If you have a dashboard of more than 5 metrics, you haven't still understood the business fully
 - You are never fully ready.
 - Co-founder – Best to have up to 3 people as co-founders. Less means lots of work load and more than 3 leads to too much democracy. Ideally it helps if one of them is a tech geek -if you are not
 - Funding doesn't guarantee success. Most often when people have money, they start throwing people at problems rather than solving actual pain point. Don't be loose with money even when you have it.
 - Revenue is Vanity, Profit is Sanity. Cash (flow) is Reality
 - Culture matters
 - Start doing it because you really want to. Then, JUST DO IT

Join Fitness Freaks @ IIM I

Fitness is always in our new year's resolutions, but we seldom follow this goal passionately due to multiple reasons. However, group motivation can work wonders, and a live example of this is this WhatsApp group which was created on January 1, 2022 with the aim turning the new year resolution of being fit into a habit/routine. A group wherein enthusiastic participants post daily workout routines, fitness goals, take up challenges and engage in discussions around being healthy. Recently, the group completed 2000KM+ of collective walking/running/cycling/swimming/ physical activity in 2022, thanks to efforts of fellow alumni across geographies!!
