# Introduction

## ANNUAL REVIEWS

- Annual Review is a non-profit publisher dedicated to synthesizing and integrating knowledge for the progress of science and the benefit of society.
- To create this impactful content, they bring together expert Editorial Committees in each covered discipline and facilitate meetings where members can discuss trends in each field and select relevant topics for review.
- Authoritative authors are then invited to submit reviews, and they readily accept the challenge to help shape and define respective field as a service to scholars and society.
