Search Filter

- Search can be filtered using various filters such as relevance, access, year of publication, range, content type.

The screenshot shows a search results page for the term "management". The search bar at the top contains "management" and has options for "Advanced search" and "Save this search". Below the search bar, the page displays "Search Results 1 - 10 of over 257000". There are two main results shown. The first result is "Collection Development: Access in the Virtual Library" by Don Lanier, published on 1 March 2000, available in HTML format. The second result is "Project Management: A Necessary Skill?" by Colin-Coulson Thomas, published on 1 June 1990, available in HTML and PDF (466 KB) formats. On the right side of the page, there are two filter panels highlighted with red boxes. The top filter panel is for sorting, currently set to "Sorted by relevance". The bottom filter panel is for access and content type. It has checkboxes for "Only content I have access to" and "Only open access". Under the "Year" section, there are radio buttons for "Last week (605)", "Last month (1813)", "Last 3 months (5007)", "Last 6 months (8260)", "Last 12 months (20720)", and "All dates (257516)". There is also a "From Year To Year Go" section. Under the "Content type" section, there is a list of content types with their respective counts: Article (221120), Book part (27280), Earlycite article (5284), Case study (2037), Expert briefing (1396), Executive summary (384), Graphic analysis (14), and Accepted article (1).
