## The Economist

Since 1843, The Economist cover the world's most important stories in in-depth and thought-provoking manners. It includes articles about politics, business, finance, science and technology.

Economist.com provides daily and weekly coverage of world events, with powerful tools and features. It also provides the full range of analysis, including all the latest special reports, data journalism, podcasts, films and audio versions. It also hosts news hubs, which curate our analysis on salient topics.

IIMILC have the domain access to the economist which includes exclusive access to App, website & newsletters.
