A Database of Business Entities
Prowess is a database of the financials of Indian companies. Annual Reports of companies is the most important source of this database. For listed companies, the Prowess database contains additional data sourced from the stock exchanges. ProwessIQ provides time-series data beginning 1989-90. The database is updated on a continuous basis...

ProwessIQ User Interface
ProwessIQ is accessed through a software installed on a local computer running Microsoft Windows OS. This is a windows executable developed by CMIE specially to access the Prowess database. The Prowess database itself resides on CMIE's servers...

ProwessIQ Query Triggers
Query Triggers are the most important part of ProwessIQ. There are over 80 Query Triggers. Each of these is a user-interface to set conditions to find companies. Each of these provide an interface with respect to a specific part of the overall ProwessIQ database. Each is packed with relevant tools...

ProwessIQ Reports & Charts
ProwessIQ Reports are tabulations that are designed to enable a detailed assessment of the financial...

Article of the day
ProwessIQ version 3.00 released
An upgraded executable of ProwessIQ is released today, 10 April 2023. The build date of this ProwessIQ executable is 31 March 2023.
The new exe is available at <http://prowessiq.cmie.com>, from where it can be freely downloaded. It incorporates performance improvements and bug fixes. The major change in the .exe has been described in the note below:
Data for dividend per share paid added in ProwessIQ:
Two indicators - BSE Total Dividend and NSE Total Dividend - have been added to the query trigger Stock Prices & Ratios to enable a ProwessIQ user to attain data on per share dividend paid by an organisation during a fiscal year. The indicators have been added in the Advanced Query Tab of the query trigger.
It is advised that users must migrate to new versions as soon as they are released.
Please update to version 3.00 by 10 June, 2023. Following this date, versions older than 1.95 will cease to function.
