Message Board

It is with great pride and joy that I present the EPGP Placement Report for the Academic Year 2024–25. This year's achievements once again highlight the dedication, perseverance, and excellence that define the EPGP programme at IIM Indore. Our participants have demonstrated remarkable skill and resilience, securing significant positions across industries and reaffirming the institute's standing as a centre of excellence in management education.

The continued success of our placements reflects the strength of our curriculum, one that emphasizes experiential learning, ethical leadership, and global awareness. Through a dynamic blend of rigorous academics, international exposure, and engagement with industry experts, our participants are prepared to lead in today's complex and evolving business world.

I extend my sincere gratitude to our valued recruiters for their trust and continued association with IIM Indore, and to our alumni for their unwavering support in strengthening the institute connection with the industry. I also express my deep appreciation to the team at the Career Services office and Placement Committee for their tireless efforts in ensuring another outstanding placement season.

As we move forward, we remain committed to nurturing responsible leaders who combine professional excellence with a deep sense of purpose and social responsibility. I congratulate the EPGP Class of 2024–25 and wish them great success in all their future endeavours.

Indian Institute of Management Indore*

The EPGP Placement Report for 2024–25 stands as a testament to the transformative journey our participants undertake during their time at IIM Indore. This year's outcomes reinforce what we have consistently observed: experienced professionals, when equipped with strategic frameworks and contemporary business insights, emerge as catalysts for organizational growth.

Our participants have transitioned into impactful roles across Consulting, IT, Manufacturing, BFSI, and Product Management. These are sectors that value both domain expertise and adaptive leadership. The seniority of positions secured this year underscores the market's recognition of the calibre and readiness that define our cohort.

The Placement Committee has been exemplary in their approach this season. Their proactive engagement with recruiters, strategic outreach efforts, and meticulous preparation ensured that our participants entered the recruitment process with clarity and confidence. Their collaborative spirit has been central to these results.

I would like to thank our Director and faculty for their guidance, our alumni network for opening doors and advocating for the programme, and our recruiting partners for recognizing the value our participants bring. To the EPGP Class of 2024–25, your professionalism and determination have been commendable.

The Career Services team looks forward to deepening our industry collaborations and continuing to support our participants as they navigate and shape their career trajectories.

About EPGP

The Executive Post Graduate Programme in Management (EPGP) is a full-time, one-year residential MBA programme designed for experienced professionals to enhance their knowledge, skills, and capabilities essential for managing and leading organizations.

One-year full time programme at IIM Indore ranks 69 globally in the FT Global MBA Rankings 2025, reaffirming its status as a powerhouse of management education. The institute has been ranked as the fourth best among all IIMs, further solidifying its standing on both national and international fronts. Structured over five academic terms, the programme includes a dedicated International Immersion Module at SDA Bocconi Milan offering exposure to international markets and management practices. This component is designed to prepare participants for the increasingly cross-cultural context of the business environments.

Alongside a comprehensive core curriculum covering fundamental management disciplines, the programme offers a diverse portfolio of elective courses aligned with industry-specific concentrations such as Strategy, Consulting, Analytics, IT and BFSI.

The pedagogical approach integrates classroom teaching, case-based discussions, industry consulting module and international exposure. Participants bring rich professional experience from sectors including IT/ITES, Energy, Consulting, BFSI, Manufacturing, Automobile, Retail and CPG. This diversity fosters a dynamic peer-learning environment that contributes significantly to classroom discourse and broadens perspectives across functional and sectoral dimensions.
