IIM INDORE

INDIAN INSTITUTE OF MANAGEMENT INDORE

About - IIM Indore & IPM

IIM Indore, established in 1996, has been imparting world-class management education with the aim of creating socially conscious leaders, managers and entrepreneurs. Complying with the highest teaching standards, IIM Indore is an EQUIS, AMBA and AACSB accredited institute that has been acting as a leader in the field of management education and interfacing with the industry, government and PSUs. It is committed to promoting excellence in learning, education and research using contemporary participant-centric pedagogic techniques. It is this commitment towards innovation and interdisciplinary learning and research that has led to the launch and success of progressive programmes like the Integrated Programme in Management.

IPM, IIM Indore's novel enterprise, is the epitome of holistic education where the mind is not only honed to think, analyse, observe and critique but also to lead. With an overall acceptance rate close to 0.52% of applicants, IPM brings to IIM Indore, the young enthusiasts of the nation, who are just out of school and are ready to grow into the trailblazers of tomorrow.

The Programme consists of 15 terms spread over a period of 5 years with each year having 3 terms of 3 months each. The broad design of the Programme includes education in Mathematics and Statistics, Economics, Humanities and Social Sciences. The students then get trained as managers with the regular PGP students and go through the same course package in year 4 & 5. The aim of IPM has been to produce contextually relevant, socially-conscious managers with a foundation of world class education in social sciences followed by management education.

About - Social Placements

The social internship is a 6-8 week opportunity for participants of IIM Indore's flagship five-year Integrated Programme in Management to contribute to, and gain from multi-disciplinary roles in organisations such as Policy Research Institutions, Non-Profit Organisations, Startup Incubators, Impact-Investing firms, and Corporate Social Responsibility (CSR) wings of companies. Solving real-world social problems at the social internships gives IPM students with a unique perspective of the ground realities and helps them grow into mature decision makers.

Director Testimonial

"What kind of leaders does the future demand? Visionaries who not only excel in business acumen but also possess a deep social conscience and a commitment to grassroots impact. At IIM Indore, we are dedicated to shaping such leaders through our distinctive five-year Integrated Programme in Management (IPM).

Our IPM programme stands out for its holistic approach to education, preparing students straight out of school to become outstanding leaders adept at addressing complex global challenges. A pivotal component of this programme is the 'Social Internship', which aligns with our mission to instil social responsibility from the ground up. These internships provide students with first-hand experience in tackling real-world social issues, enhancing their understanding of community needs and the significance of their contributions.

Our IPM students are bright, capable, and highly motivated. Their participation in social internships not only benefits the communities they engage with but also enriches their educational experience by blending theoretical knowledge with practical application. This immersive learning process equips them with critical skills such as empathy, problem-solving, and leadership, essential for their future roles in society and business.

We are proud to invite you to IIM Indore and encourage you to offer internships to our IPM students. By partnering with us, you support the development of future leaders who are dedicated to creating meaningful, positive change."

Prof. Himanshu Rai

Director, IIM Indore

Prof. Prabin Kumar Panigrahi
Dean (Programmes), IIM Indore

Dean (Programmes) Testimonial

"At IIM Indore, we believe our students must strive not only for academic and professional excellence but also for meaningful social engagement. To foster this, the Integrated Programme in Management (IPM) curriculum includes a mandatory social internship that places students with NGOs, research institutes, social enterprises and CSR wings. This experience allows them to gain practical insights while contributing to critical areas of social development.

I had the opportunity to teach the IPM 2024 batch and can affirm that they are a truly remarkable group. They have approached their endeavours with thoughtfulness, empathy and a genuine interest in addressing real-world issues.

I encourage potential recruiters to explore our social placements brochure and consider the unique strengths our students bring. The IPM 2024 graduates are capable, socially aware and well-prepared to contribute meaningfully to any organization they become part of."

Prof. Aditya Maheshwari
IPM Chair, IIM Indore

IPM Chair Testimonial

"At IIM Indore, we believe that our students have a responsibility to not only excel in their academic and professional pursuits but also contribute to society. With this in mind, we have integrated a unique social internship program as a mandatory part of the IPM curriculum. Through this program, our students work with research institutes, social organizations & enterprises, and government agencies, gaining hands-on experience and contributing to social development. We have seen remarkable transformations in our students, who not only gain a deeper understanding of social issues but also develop a sense of empathy and social responsibility that will stay with them for life.

I encourage potential recruiters to consider our social placement brochure and witness the unique and valuable experiences our students have to offer. Our IPM graduates of the 2024 batch are well-rounded, socially conscious professionals who will make a positive impact on any organization they join. I have taught three courses to the IPM 2024 Batch and can re-affirm that they are highly motivated to make an impact. I am proud of our students and I am confident that our IPM 2024 batch will demonstrate exceptional commitment in their social internship."

Past Recruiters

Corporate Social Responsibility

CSR emerged as the most preferred vertical for social internships, with ~41% of the batch opting for roles from the CSR wings of leading corporations including Ambuja Cement, Bharti Airtel, DLF, Dr. Reddy's, Ernst and Young, HCL, Indian Oil, JM Financial, Larsen & Toubro, NTPC, ONGC, Oppo India, SAIL, Tech Mahindra and Vodafone Idea.

Social Incubators and Impact Investors

Nearly 14% of the students were selected in roles involving expanding social causes through incubation and investment in brands like Capconnect Asia, The/Nudge Institute, Anveshan Center for Excellence (IIM Indore), NSRCEL (IIM Bangalore).

Research Institutes and Think Tanks

Around 20% of the batch opted for research roles in esteemed social and policy research enterprises like the Impact Investors Council, Institute of Chinese Studies, HTIC (IIT Madras), Ola Mobility Institute and Chintan Environmental Research & Action Group.

Non-Profit Organizations

Over 8% of the students interned at prominent NGOs and NPOs from across the country. Some of these prominent non-profits are Citizen News Service, Paani Foundation, Take Action Global and Vimove Foundation.

Government Organizations

About 17% of the students secured roles with key government bodies working on national-level social and policy initiatives. These included institutions such as the National Institute of Geo-Informatics Science and Technology – Survey of India (NIGST), the Ministry of Social Justice and Empowerment, the Ministry of Environment, Forests, and Climate Change, and the NITI Aayog.

IPM Curriculum

The IPM Curriculum features a blend of courses from various disciplines ranging from Statistics, Economics, and Mathematics to Business Communication and Fine Arts. The subjects develop the students to become effective managers while having a deep-rooted social understanding.

The exposure to various disciplines allows IPM students to have wide relevance for organizations working in the social sphere. Courses like Contemporary Social Issues, Ethics and Society, Social Psychology, Sociology and Indian Society and Culture build a deep understanding of the current socio-cultural scenario in the country. IPM students are trained in a plethora of mathematical and statistical courses that help them analyze empirical data and interpret their findings. This gives them a unique edge in conducting social experiments.

Mathematics and Statistics

- Sampling Distribution & Statistical Inference
- Integral & Differential Calculus
- Regression Methods
- Linear Algebra
- Numerical Analysis
- Multivariate Statistics
- Linear Programming
- Time Series Analysis
- Discrete Maths & Graphs
- Survey Sampling
- Numerical Optimisation

- Introduction to Law
- Critical Thinking and Writing Skills
- Python Programming
- Introduction to Algorithms & Data Structures
- Web Development

Recruiter Feedback

Piramal Foundation

"We take great pleasure in being associated with IIM Indore for recruiting your students as interns every year. The Interns we recruited this year demonstrated the ability to work professionally with great creativity and enthusiasm. The interns were found to be sincere, bright and equipped with relevant skills. We recognize the immense quality that IIM Indore adds to an individual and look forward to hiring more candidates as interns from your college."

Ms. Tejal Raut
Sr. Program Manager,
Piramal Foundation

TATA Motors

"We are extremely happy with the performance of the IPM interns in our organisation. The students displayed professionalism in their work and their diverse skill set enabled them to contribute efficiently to the projects assigned. The creativity and diligence of these bright, young minds is impressive and we wish them all the best for their future endeavours."

Ms. Kavita Mhaikar
Vice Chairperson,
Grihini Social Welfare Society

NIGST, Survey of India (Department of Science and Technology, Government of India)

This Institute appreciates the dedicated efforts put in by the IIM, Indore's IPM program interns during their internship. The comprehensive reports submitted by them are highly insightful and impactful, and they play a vital role in advancing the goals envisioned by the Institute. We are keen to continue our collaboration with IIM Indore in the future as well.

NIGST, Survey of India

ONGC Foundation

"Our experience with interns from IIM Indore's IPM program has been exceptional. The students showcased impressive analytical skills, adaptability, and a proactive approach that added significant value to our projects. The placement process was smooth and well-coordinated, making our collaboration with IIM Indore highly rewarding."

Ms. Aishwarya Chaudhary
HR & Administration
Department, ONGC

Ambuja Foundation

"Our association with IIM Indore for social internships was a fruitful endeavour. The interns placed with us demonstrated high skill levels and productivity. They worked independently, bringing fresh perspectives and completing all assignments with creativity and high-quality output. We look forward to continued collaboration with IIM Indore."

Dr. Asmita Naik Africawala
Lead - Program Research,
Ambuja Foundation

Faculty Testimonial

"As a faculty member who has been teaching in the IPM programme since 2016, it brings me great pleasure to say that our undergraduate students are both eager to learn and dedicated to achieving specific goals. Students at IIM Indore are currently undergoing a rigorous curriculum structure and have the ability to synchronize in-class learning with specialized case studies relevant to practical industrial circumstances. Social internships would help these bright brains deepen their exclusive training, which the faculties at IIMI provide with full integrity."

- **Sayantana Banerjee** (OM & QT Area, IIM Indore)
Chair, Post Graduate Programme in Management, IIM Indore

"I have been attached to the IPM since its inception in 2011. The program provides the participants with many opportunities to get a flavor of the application of their classroom learning in the field. The social internship is one such opportunity to expose the program participants to the non-profit motive-based work. I find the program participants delightfully curious, motivated, and enthusiastic. Their energy and creativity often surprise me pleasantly. I am sure that they will prove to be a worthwhile candidate for your organization."

- **Siddhartha K. Rastogi** (Economics Area, IIM Indore)
Author: Managerial Economics: Principles and Worldwide Applications

"I have had the pleasure of teaching and guiding IPM students for projects. They are an extremely bright set of students with a sense of purpose, and a zeal to contribute to society. The IPM programme gives them a rich interdisciplinary education cutting across disciplines such as Mathematics, Economics, Statistics, Psychology, Political Science, and Sociology. Every year we look forward to the social internship as an opportunity for students to apply their classroom learnings to address real-life problems affecting our society. It gives us great pleasure to learn that our IPM students have, over the years, made valuable contributions to the organizations that they intern with."

- **Ajit Phadnis** (HSS Area, IIM Indore)
Lok Sabha Fellow and Fulbright-Nehru Doctoral Research Fellow at Duke University

"IPM is a very carefully curated program that provides the participant with a unique experience of attacking and communicating a real-world problem from diverse perspectives, statistical/mathematical, economic, social, psycho-social, ethical, and legal, to name a few. In addition, IPM participants are among the brightest minds, extremely motivated, enthusiastic, and happily receptive to their diverse multi-disciplinary training at IIM Indore. With their cross-domain exposure and good intellect, I am sure they will be a useful addition to your organization."

- **Aekta Aggarwal** (OM & QT Area, IIM Indore)
Associate Professor, IIM Indore

"IPM students represent a group of brilliant, enthusiastic, and compassionate intellectuals. They are intrinsically motivated to understand social realities and come up with socially sustainable business solutions. We feel proud of the achievement of IPMers. The uniqueness of the undergraduate IPM years lies in rigorous training in the foundational disciplines of management such as mathematics, statistics, economics, psychology, sociology, political science, public policy, law, ethics, and information system. They are equipped with interdisciplinary backgrounds and analytic skills. The social internship proved to be a win-win situation and a rewarding experience for both the organization and the students. We have received extremely positive feedback from previous recruiters and wish the same to the IPM 2024 batch."

- **Shruti Tewari** (HSS Area, IIM Indore), Dean (Research), IIM Indore

"Exposing students to social internships significantly enhances their development as management professionals. These internships provide practical experience in addressing real-world social issues, fostering a sense of social responsibility and empathy. Students gain valuable skills in project management, teamwork, and leadership while working with diverse communities. This hands-on experience cultivates problem-solving abilities and adaptability, essential traits for effective managers. Moreover, social internships encourage ethical decision-making and enable a holistic understanding of business impacts on society, preparing students to become well-rounded and socially conscious leaders in their professional careers".

- **Surbhi Dayal** (HSS Area, IIM Indore), Commonwealth Fellow, King's College London

Atharv Ranbhoomi

IPM Literary, Cultural, Management and Sports Fest

Atharv Ranbhoomi, exclusively organized by IPM students at IIM Indore, is renowned as the largest college festival in Central India. With a remarkable footfall exceeding 90,000 and a digital footprint reaching 28 million, this event provides students with unparalleled hands-on experience. It equips them with the skills necessary to thrive in their careers and beyond, transforming them into polished, well-rounded individuals capable of delivering consistently under pressure. Our students undertake extensive responsibilities during Atharv Ranbhoomi, including:

Financial Management: Preparing and monitoring the budget, financial policies, revenues, and expenses, managing a turnover exceeding 80 lakhs INR.

Sponsorship and Partnerships: Negotiating with 15+ government and corporate agencies such as UP Tourism, Sparx, TooYum etc to secure sponsorship deals worth over 25 lakhs, and collaborating with 15+ major food brands, including Starbucks and Baskin Robbins, to generate a revenue of 5+ lakhs.

Accommodation, Logistics and Operations: Negotiating and securing deals exceeding 10 lakhs to address logistical requirements and ensure the operational functionality of the fest. Managing accommodation and transportation arrangements for over 1500 participants, with deals totalling more than 20 lakhs.

Artist Coordination and Negotiation: Successfully securing and managing at least four artist deals each year, with a total value exceeding 40 lakhs. This includes renowned performers such as King, Raftaar, Neeti Mohan, Aditya Kulshreshth, Nishant Suri, and others.

Event Management: Organizing and managing 45+ independent events across cultural, sports, management, and literary domains with a prize pool of over 15 lakhs.

Media and Digital Presence: Collaborating with over 100 media partners to engage a digital audience exceeding 10 million. Crafting an informative and dynamic website to ensure a seamless user experience and optimize SEO for maximum reach.

Participant Engagement and Coordination: Communicating and bringing participation of over 20,000 students from more than 300 colleges nationwide.

Marketing and Outreach: Implementing comprehensive social media marketing strategies by producing over 100 high-quality designs and videos for the fest's social media platforms, achieving an organic reach of more than 1 million. Organizing pre-fest events, including seminars, corporate leagues, workshops, street plays, and flash mobs, to amplify the fest's presence and engagement within Indore city.

Merchandising & Sales: Designing and selling fest merchandise, generating over 3 lakhs in revenue. Additionally, selling passes to attendees, contributing an additional 2+ lakhs in revenue.

Documentation and Coordination: Designing banking, sponsorship, and event brochures to ensure professionalism and information accuracy. Serving as a liaison between 13 fest verticals, authorities, and external vendors to facilitate seamless communication and coordination among all stakeholders.

Industry Interaction and Entrepreneurial Culture

The IPM Entrepreneurship and Industry Connect Cell (E-Cell) at IIM Indore fosters entrepreneurial talent and business acumen within the IPM community. They provide resources, mentorship, and opportunities for collaboration with professors, alumni, and industry professionals, helping students turn their ideas into successful ventures while promoting a culture of innovation and continuous learning.

The Entrepreneurship Cell also runs IIM Indore's first seed funding competition, Escalon, with a prize pool of over 2 lakh INR.

The E-Cell has facilitated student internships in companies across the country and the globe, in companies such as TATA Steel, HCL, EY, and more.

Live projects acquaint students with the vision of the working environment and reinforce leadership qualities and discipline at work. We have associated with Tata International, Radisson Blu, Sayaji hotels, AICTSL, Shakti pumps, Arucom Electronics and many more, and conducted visits to BSE, Indian Oil Corporation, SEBI, Cipla, RBI, and HUL to name a few.

Social Sensitivity

With Social Internships at the forefront, IIM Indore takes great pride in inculcating a sense of social responsibility in its students while providing world-class education. This is done through an active part students take in various student bodies which aim to bring about positive change in the society.

'Aasha': the IPM Social Club of IIM Indore is committed to bringing about societal change that positively affects all community members, including students, staff, faculty and people outside the campus. Its dedication to a sustainable future is reflected in its initiatives focused on environmental protection and social welfare. Furthermore, it believes in giving back to the community. Aasha facilitates opportunities for IPM students to volunteer and participate in various social drives to ensure the upward mobility of the underprivileged classes. It maintains a social media presence, highlighting its initiatives and meaningful contributions to society and the IPM community.

It also runs the 'El Amigo' peer counselling initiative, an initiative by the institute for helping students manage their psychological difficulties and social relations.

'i-Help': The IPM Social Literacy Organization is a student-driven voluntary teaching programme helping provide quality education to underprivileged children. By associating with various schools and NGOs, i-Help has impacted over 1,350 students in 4+ schools, delivering 3,600+ man hours and 3,000+ teaching hours with the support of 300+ volunteers.

Since its inception, i-Help has prepared students for prestigious scholarships like NMMS and JNVST, with 22 students securing scholarships worth over 10.56 lakh rupees in six years. Engaging students in co-curricular activities and life skills sessions, i-Help ensures holistic development, making education a cornerstone of societal growth and transformation.

Social Impact and Community Engagement in Atharv Ranbhoomi: The fest conducts a scholarship test for over 150 underprivileged children, with a prize pool of 40,000 rupees. Additionally, we coordinate and execute the Pi quiz competition, involving over 3,000 students from more than 500 schools nationwide, to help craft responsible leaders tomorrow.

Student Experiences

"My internship at Capconnect Asia India was a highly enriching experience that offered me deep exposure to the world of impact investing and strategic advisory. I had the opportunity to work across multiple live mandates involving purpose-driven businesses across eldercare, sustainable engineering, and B2B platforms. My role involved conducting financial analysis, and preparing investment materials to support capital-raising efforts for these high-growth ventures. Beyond technical skills, this internship sharpened my ability to communicate complex ideas effectively and manage multiple stakeholder interactions. A particularly rewarding part of the experience was contributing to the firm's internal systems and pipeline processes, which helped streamline investor interactions and mandate tracking. The experience not only deepened my understanding of capital markets and impact investing but also strengthened my confidence in managing high-responsibility tasks in fast-paced environments."

- **Aryan Khanna** (Intern at Capconnect Asia)

"At Bharti Airtel Foundation, I was an intern in the Research and Programming verticals, where I validated more than 900 government school datasets and processed five years of academic data on Python. My responsibilities involved creating visual trends for internal evaluations and examining the annual closure reports to propose performance reporting improvements. A highlight of my experience was learning about international models of life skills education and how they compare with the Foundation's model, which expanded my awareness of holistic learning. Witnessing the impact of the Foundation firsthand through initiatives such as the Satya Bharti School Program deepened my understanding of how targeted interventions can revolutionize education for disadvantaged children, particularly girls. Being part of the team also meant identifying regional trends that helped shape tailored local interventions. By doing these tasks, I got better at analyzing data, doing research, and communicating with people. I also learned how important it is to operate as a team and fulfill deadlines. Being exposed made me value data-driven educational change and the need of teaching life skills even more. I would like to thank the Bharti Airtel Foundation team and the Social Placements Committee for this great experience."

- **Kirti Manna** (Intern at Bharti Airtel Foundation)

"My internship at NITI Aayog was a deeply enriching and insightful experience. As a Policy Research Intern in the Agriculture Vertical, I worked on enhancing agricultural marketing systems in Uttar Pradesh, focusing on improving market efficiency, farmer access, and value chain integration. My work involved conducting research-based analysis on national and state-level schemes to assess their effectiveness and identify gaps. I also analysed 12-year performance trends across crops, livestock, forestry, and fisheries to study volatility, resilience patterns, and post-COVID recovery signals. The role gave me a front-row view of how agricultural policies are framed—shaping the nation's farming landscape. From sustainable farming and agri-tech adoption to farmer welfare and rural development, it was inspiring to see how big-picture policy thinking translates into real impact on the ground. It was equally inspiring to be a part of such a prestigious national-level institute and to experience its work culture, marked by collaboration, intellectual rigor and a shared commitment to national development. I am grateful to NITI Aayog for providing this enriching opportunity that strengthened my research, policy writing, and analytical skills. I also extend my heartfelt thanks to the Social Placements Committee for facilitating this invaluable experience."

- **Seerat Kaur** (Intern at NITI Aayog)

"My internship at NSRCEL was a transformative journey that gave me first-hand exposure to the evolving landscape of social entrepreneurship. I worked on NSRCEL's registration on the NSE-Social Stock Exchange, developed Family Office Philanthropy funding recommendations for C-Suite leaders, and curated the International Climate Startup Showcase with Imperial College London, enabling climate ventures to pitch globally. I also analyzed entrepreneur demographics to refine cohort selection, produced a podcast on founder readiness and scaling, and facilitated patient capital discussions with Indian family offices. This experience significantly strengthened my strategic, analytical, and stakeholder engagement skills, and I am grateful to NSRCEL and the Social Placements Committee for this opportunity."

- **Namya Chhabra** (Intern at NSRCEL, IIM Bangalore)

"I completed my internship with the EY Foundation, wherein I primarily engaged in research and designing policy interventions appositively curated for dealing with emergent class of solutions in domains including CSR patterns, expansion of entrepreneurship among rural women. The placement provided a rigorous, professionally structured learning environment balancing academic enquiry with on-the-ground policy formulations, helping me create measurable, sustainable impact. During my tenure my key responsibilities included designing and executing qualitative and quantitative research instruments, synthesizing literature, drafting policy briefs, and participating in stakeholder engagement with local NGOs, community leaders, and programme managers. A key strength of my cherished experience was the emphasis on translating theoretical research into implementation-ready policies prioritising scalability and sustainability. Further, having worked closely with cross-functional teams at the Foundation helped me hone my communication and management skills."

- **Vatsal Jain** (Intern at Ernst and Young Foundation)
