About IIM Indore & IPM

IIM Indore, established in 1996, has been imparting world-class management education with the aim of creating socially conscious leaders, managers and entrepreneurs. Complying with the highest teaching standards, IIM Indore is an EQUIS, AMBA and AACSB accredited institute that has been acting as a leader in the field of management education and interfacing with the industry, government and PSUs. It is committed to promoting excellence in learning, education and research using contemporary participant-centric pedagogic techniques. It is this commitment towards innovation and interdisciplinary learning and research that has led to the launch and success of progressive programmes like the Integrated Programme in Management.

IPM, IIM Indore's novel enterprise, is the epitome of holistic education where the mind is not only honed to think, analyse, observe and critique but also to lead. With an overall acceptance rate close to 0.5% of applicants, IPM brings to IIM Indore, the young enthusiasts of the nation, who are just out of school and are ready to grow into the trailblazers of tomorrow.

The Programme consists of 15 terms spread over a period of 5 years with each year having 3 terms of 3 months each. The broad design of the Programme includes education in Mathematics and Statistics, Economics, Humanities and Social Sciences. The students then get trained as managers with the regular PGP students and go through the same course package in year 4 & 5. The aim of IPM has been to produce contextually relevant, socially-conscious managers with a foundation of world class education in social sciences followed by management education.

About Social Placements

The social internship is a 6-8 week opportunity for participants of IIM Indore's flagship five-year Integrated Programme in Management to contribute to, and gain from multi-disciplinary roles in organisations such as Policy Research Institutions, Non-Profit Organisations, Startup Incubators, Impact-Investing firms, and Corporate Social Responsibility (CSR) wings of companies Solving real-world social problems on the social internships gives IPM students a unique perspective of the ground realities and helps them grow into mature decision makers.

Director Testimonial

"The defining question of our times is not who will lead. It is how they will lead.

In a world marked by complex social, economic, and environmental challenges, the leaders of tomorrow must combine analytical excellence with empathy, purpose, and a deep understanding of the communities they serve. At IIM Indore, this belief lies at the heart of our educational philosophy. Through our pioneering five-year Integrated Programme in Management (IPM), we nurture young minds from an early stage, equipping them not only with world-class management education but also with the values and experiences that shape responsible leadership.

The Social Internship is a defining milestone in this journey. By working closely with non-governmental organizations, social enterprises, and development institutions, our students immerse themselves in grassroots realities, gaining first-hand insights into the challenges and aspirations of diverse communities. These experiences cultivate empathy, resilience, and the ability to create solutions that are both innovative and inclusive.

Our IPM students bring intellectual curiosity, energy, and a strong desire to contribute meaningfully. As they step beyond the classroom into society, they carry with them the conviction that sustainable leadership begins with understanding people.

I warmly invite your organization to partner with us by offering Social Internship opportunities to our IPM students.

Together, we can inspire a generation of leaders who create value not only for organizations, but for society at large."

Prof. Himanshu Rai
Director, IIM Indore

Prof. Prabin Kumar Panigrahi
Dean (Programmes), IIM Indore

Dean (Programmes) Testimonial

"At IIM Indore, we believe our students must strive not only for academic and professional excellence but also for meaningful social engagement. To foster this, the Integrated Programme in Management (IPM) curriculum includes a mandatory social internship that places students with NGOs, research institutes, social enterprises and CSR wings. This experience allows them to gain practical insights while contributing to critical areas of social development.

I had the opportunity to teach the IPM 2025 batch and can affirm that they are a truly remarkable group. They have approached their endeavours with thoughtfulness, empathy and a genuine interest in addressing real-world issues.

I encourage potential recruiters to explore our social placements brochure and consider the unique strengths our students bring. The IPM 2025 graduates are capable, socially aware and well-prepared to contribute meaningfully to any organization they become part of."

Prof. Aditya Maheshwari
IPM Chair, IIM Indore

IPM Chair Testimonial

"At IIM Indore, we believe that our students have a responsibility to not only excel in their academic and professional pursuits but also contribute to society. With this in mind, we have integrated a unique social internship program as a mandatory part of the IPM curriculum. Through this program, our students work with research institutes, social organizations & enterprises, and government agencies, gaining hands-on experience and contributing to social development. We have seen remarkable transformations in our students, who not only gain a deeper understanding of social issues but also develop a sense of empathy and social responsibility that will stay with them for life. I encourage potential recruiters to consider our social placement brochure and witness the unique and valuable experiences our students have to offer. Our IPM graduates of the 2025 batch are well-rounded, socially conscious professionals who will make a positive impact on any organization they join. I have taught a course IPM 2025 Batch and can reaffirm that they are highly motivated to make an impact. I am proud of our students and I am confident that our IPM 2025 batch will demonstrate exceptional commitment in their social internship."

Past Recruiters

Corporate Social Responsibility & ESG: CSR and ESG emerged as the most preferred vertical for social internships, with the majority of the batch opting for roles from the CSR or ESG wings of leading corporations including ITC, Amazon, Tata Consumer Products, Jatayu Healthcare Technologies, Apollo, Dr. Reddy's, Ambuja Foundation, HCL, Tata Steel Foundation, Yes Bank, Larsen & Toubro, NTPC, ONGC, Oppo India, Volvo, AU Foundation and Bharti Airtel.

Impact Investors: A lot of the students were selected in roles involving expanding social causes through investment in brands like Capconnect Asia, The Blended Finance Company, and Breathe Capital.

Research Institutes and Think Tanks: Research roles emerged as another significant field of interest, with students getting placed in esteemed social and policy research enterprises like the Observer Research Foundation, Impact Investors Council, Institute of Chinese Studies, HTIC (IIT Madras), Center for Research on International Trade.

Social Consultancy: Some of the students interned at prominent social consultancy roles from across the country. Some of these prominent social consultancy firms are IPE Global, Access Livelihoods, and Space2Grow.

Government Organizations: Students secured roles with key government bodies working on national-level social and policy initiatives. These included institutions such as the National Institute of Geo-Informatics Science and Technology – Survey of India (NIGST), National Backward Classes Finance and Development Corporation – NBCFDC, the Ministry of Social Justice and Empowerment, the Ministry of Environment, and the NITI Aayog.

IPM Curriculum

The IPM Curriculum features a blend of courses from various disciplines ranging from Statistics, Economics, and Mathematics to Business Communication and Fine Arts. The subjects develop the students to become effective managers while having a deep-rooted social understanding.

The exposure to various disciplines allows IPM students to have wide relevance for organizations working in the social sphere. Courses like Contemporary Social Issues, Ethics and Society, Social Psychology, Sociology and Indian Society and Culture build a deep understanding of the current socio-cultural scenario in the country. IPM students are trained in a plethora of mathematical and statistical courses that help them analyze empirical data and interpret their findings. This gives them a unique edge in conducting social experiments.

Mathematics and Statistics

- Sampling Distribution & Statistical Inference
- Integral & Differential Calculus
- Regression Methods
- Linear Algebra
- Numerical Analysis
- Multivariate Statistics
- Linear Programming
- Time Series Analysis
- Discrete Maths & Graphs
- Survey Sampling
- Design & Analysis of Experiments
- Numerical Optimisation
- Game Theory
- R Programming Language

Enhancer Courses

- Foreign Languages: French, Spanish, German
- Communication & Presentation Skills
- Critical Thinking and Writing Skills
- Introduction to Algorithms & Data Structures
- Introduction to Database
- Python Programming Language
- Academic and Technical Writing
- Introduction to Law
- Fundamentals of Accounting
- Web Development
- Introduction to Excel

Economics

- Understanding of Open Economy
- Micro Economics
- Development Economics
- Macro Economics
- Econometrics

Humanities and Social Sciences

- Introduction to Sociology & Psychology
- International Relations & World Politics
- Social & Positive Psychology
- Introduction to Political Theory
- Introduction to Philosophy & Applied Ethics
- Research Methodology
- Empirical Understanding of Social World

Recruiter Feedback

Bharti Airtel Foundation

"It has been a great experience working with the IPM Placement Committee throughout our internship recruitment process. The team was well-organized, responsive, and ensured seamless coordination at every stage.

We were pleased with the quality of the students selected for internships. They demonstrated strong skills, professionalism, and delivered satisfactory performance during their internships, meeting our expectations.

A special mention to Atharv [previous Social Placements Coordinator] for being exceptionally proactive and supportive throughout the recruitment process. His prompt communication, coordination, and willingness to assist made the entire experience smooth and efficient.

We appreciate the efforts of the Placement Committee and look forward to continuing this association for future recruitment initiatives."

Ms. Tanishka Gupta
HR Coordinator, Bharti Airtel Foundation

TATA Motors

"We are extremely happy with the performance of the IPM interns in our organisation. The students displayed professionalism in their work and their diverse skill set enabled them to contribute efficiently to the projects assigned. The creativity and diligence of these bright, young minds is impressive and we wish them all the best for their future endeavours."

Ms. Kavita Mhaiskar
Vice Chairperson, TATA Motors Grihini Social Welfare Society

NIGST, Survey of India

"This Institute appreciates the dedicated efforts put in by the IIM, Indore's IPM program interns during their internship. The comprehensive reports submitted by them are highly insightful and impactful, and they play a vital role in advancing the goals envisioned by the Institute. We are keen to continue our collaboration with IIM Indore in the future as well."

NIGST, Survey of India

ONGC Foundation

"The interns we host from IIM Indore's IPM program consistently stand out for their rare combination of analytical rigor and genuine social empathy. At the ONGC Foundation, they did not just execute tasks; they took complete ownership of complex project evaluations and community impact strategies. Their ground-level execution, backed by a strong academic foundation, translates directly into measurable value for development initiatives. They are highly collaborative, ethically grounded, and possess the unique maturity needed to solve real-world challenges. We highly value this partnership."

Mr. Malik Faizan
Programme Manager, ONGC Foundation

HCL Foundation

"Such professionals can also bring structured program management, stronger impact measurement, improved partnerships with government and civil society, and innovative approaches to large-scale community development initiatives, thereby increasing both social impact and organizational value."

Mr. Newton Raj
Sr. Manager & Location Head, HCL Foundation

Faculty Testimonial

"As a faculty member who has been teaching in the IPM programme since 2016, it brings me great pleasure to say that our undergraduate students are both eager to learn and dedicated to achieving specific goals. Students at IIM Indore are currently undergoing a rigorous curriculum structure and have the ability to synchronize in-class learning with specialized case studies relevant to practical industrial circumstances. Social internships would help these bright brains deepen their exclusive training, which the faculties at IIMI provide with full integrity."

-Sayantan Banerjee (OM & QT Area, IIM Indore)
Chair, Post Graduate Programme in Management, IIM Indore

"I have had the pleasure of teaching and guiding IPM students for projects. They are an extremely bright set of students with a sense of purpose, and a zeal to contribute to society. The IPM programme gives them a rich interdisciplinary education cutting across disciplines such as Mathematics, Economics, Statistics, Psychology, Political Science, and Sociology. Every year we look forward to the social internship as an opportunity for students to apply their classroom learnings to address real-life problems affecting our society. It gives us great pleasure to learn that our IPM students have, over the years, made valuable contributions to the organizations that they intern with."

-Ajit Phadnis (HSS Area, IIM Indore)
Lok Sabha Fellow and Fulbright-Nehru Doctoral Research Fellow at Duke University

"IPM is a very carefully curated program that provides the participant with a unique experience of attacking and communicating a real-world problem from diverse perspectives, statistical/mathematical, economic, social, psycho-social, ethical, and legal, to name a few. In addition, IPM participants are among the brightest minds, extremely motivated, enthusiastic, and happily receptive to their diverse multi-disciplinary training at IIM Indore. With their cross-domain exposure and good intellect, I am sure they will be a useful addition to your organization."

-Aekta Aggarwal (OM & QT Area, IIM Indore)
Associate Professor, IIM Indore

"Teaching Communication to the IPM 2025 batch has been a journey of engaging ideas, diverse perspectives, and many memorable conversations. The batch reflects empathy and the ability to listen, qualities that lie at the heart of meaningful communication and social impact. I hope they continue to question, express, and find their voice, because the best leaders don't just make decisions; they make conversations count."

-Shivani Sharma (Communication Area, IIM Indore)
Chairperson, Communication Area, IIM Indore

"I have been teaching the IPM programme here at IIM Indore for the last four years or so. And my experience has been very enriching in terms of teaching these bright students who are extremely inquisitive, focused, and, most importantly, humble enough to be in the spirit of continuous learners. I also observed their strong capability to understand the latest technological innovations and apply them to solve social, business, and governance problems. This makes these students very apt for modern-day complex, non-commensurate, and uncertain business situations. I heartily vouch for them to be an important strategic asset for any organisation which deals with volatile market ecosystems of today."

-Shekhar Shukla (Information Systems Area, IIM Indore)
Chair, IT Facilities and ERP Committee, IIM Indore

"Teaching in the IPM programme has always been a unique and rewarding experience. I teach the first Economics course to IPM students, and I have always found them to be intelligent, enthusiastic, versatile, and hardworking. They possess an impressive ability to grasp theoretical concepts while also demonstrating a genuine curiosity about their real world applications. Their analytical thinking, eagerness to learn, and willingness to engage in meaningful discussions make them a pleasure to teach. I personally believe that the 2025–2030 batch is an excellent cohort as well. I wish them every success in their future endeavors, and I am confident that they will be valuable additions to your organizations."

-Sutirtha Bandyopadhyay (Economics Area, IIM Indore)
Associate Professor, IIM Indore

Student Activities

The IPM Community at IIM Indore indulges itself wholeheartedly, not only in academics but various extra-curricular activities ranging from inter-batch competitions to organizing national level festivals. The IPM students have diversified skills by being an active part of clubs, committees, and various special interest groups.

The 'Student Activity Council' or IPM SAC is nominated by the students and serves as a body of individuals that aids the development of skills and leadership qualities in the students.

The council's mandate spans developing intrinsic entrepreneurial capabilities, managing infrastructural facilities, and conducting cultural events to promote a welcoming and inclusive campus atmosphere. Every participant in the IPM Programme is a member of the IPM SAC, assuming responsibilities across different domains.

Some of the entities within the IPM SAC that provide students with opportunities to develop managerial and organizational skills include:

IPM Academic Committee: The IPM Academic Committee is a student-run committee that works with the IPM faculty and office to improve the academic experience for IPM students. The body is responsible for promoting an intellectually stimulating learning environment that encourages academic success, personal development, and student satisfaction.

IPM Cultural Committee: The IPM Cultural Committee at IIM Indore is committed to enhancing the social life of the IPM community by hosting a diverse array of events and activities year-round. The club offers students a chance to cultivate their co-curricular activities, forge enduring memories, and take a break from their academic commitments. Through these initiatives, the committee fosters a strong sense of togetherness and ensures students feel at home within the campus environment.

IPM Infrastructure Committee: The IPM Infrastructure Committee at IIM Indore is dedicated to providing IPM students with a safe and comfortable environment. Its members oversee student welfare and living conditions within the hostel, ensuring that facilities such as rooms, internet connectivity, and hygiene services are consistently well-maintained. With the implementation of amenities such as vending machines, printers, and recreational facilities, they improve the quality of life for students. Additionally, they oversee event logistics and maintain communication with campus authorities to resolve student concerns to foster a supportive and enriching campus experience for all IPM participants.

IPM Media, PR, and Outreach Committee: The IPM Media, PR & Outreach Committee at IIM Indore is pivotal in representing and enhancing the IPM programme's brand image. Through platforms such as LinkedIn, YouTube, Instagram, and Quora, they broaden the programme's reach to a diverse audience, including high school students and industry recruiters. The committee conducts outreach initiatives (where IPM students visit schools to promote awareness about the programme) and events like the IPM LitFest (which supports social causes and fosters community spirit). Additionally, they host activities such as Fresher's Week, Oracle, and Chiraag to strengthen bonds within the IPM community, ensuring a cohesive and vibrant campus life.

IPM Sports Committee: The IPM Sports Committee at IIM Indore is dedicated to cultivating a passion for athletics and fostering sportsmanship among students. They conduct a variety of sports and e-sports competitions throughout the year to enhance participants' skills and knowledge in various sports. Furthermore, they facilitate the training and development of athletes, offering them the chance to compete at the national level. Through these activities, the committee endeavours to cultivate virtues such as communication, strategy, and collaboration and establish enduring memories.

Atharv Ranbhoomi

IPM Literary, Cultural, Management and Sports Fest

Atharv Ranbhoomi, exclusively organized by IPM students at IIM Indore, is renowned as the largest college festival in Central India. With a remarkable footfall exceeding 90,000 and a digital footprint reaching 28 million, this event provides students with unparalleled hands-on experience. It equips them with the skills necessary to thrive in their careers and beyond, transforming them into polished, well-rounded individuals capable of delivering consistently under pressure. Our students undertake extensive responsibilities during Atharv Ranbhoomi, including:

Financial Management: Preparing and monitoring the budget, financial policies, revenues, and expenses, managing a turnover exceeding 80 lakhs INR.

Sponsorship and Partnerships: Negotiating with 15+ government and corporate agencies such as UP Tourism, Sparx, TooYum etc to secure sponsorship deals worth over 25 lakhs, and collaborating with 15+ major food brands, including Starbucks and Baskin Robbins, to generate a revenue of 5+ lakhs.

Accommodation, Logistics and Operations: Negotiating and securing deals exceeding 10 lakhs to address logistical requirements and ensure the operational functionality of the fest. Managing accommodation and transportation arrangements for over 1500 participants, with deals totalling more than 20 lakhs.

Artist Coordination and Negotiation: Successfully securing and managing at least four artist deals each year, with a total value exceeding 40 lakhs. This includes renowned performers such as King, Raftaar, Neeti Mohan, Aditya Kulshreshth, Nishant Suri, and others.

Event Management: Organizing and managing 45+ independent events across cultural, sports, management, and literary domains with a prize pool of over 15 lakhs.

Media and Digital Presence: Collaborating with over 100 media partners to engage a digital audience exceeding 10 million. Crafting an informative and dynamic website to ensure a seamless user experience and optimize SEO for maximum reach.

Participant Engagement and Coordination: Communicating and bringing participation of over 20,000 students from more than 300 colleges nationwide.

Marketing and Outreach: Implementing comprehensive social media marketing strategies by producing over 100 high-quality designs and videos for the fest's social media platforms, achieving an organic reach of more than 1 million. Organizing pre-fest events, including seminars, corporate leagues, workshops, street plays, and flash mobs, to amplify the fest's presence and engagement within Indore city.

Merchandising & Sales: Designing and selling fest merchandise, generating over 3 lakhs in revenue. Additionally, selling passes to attendees, contributing an additional 2+ lakhs in revenue.

Documentation and Coordination: Designing banking, sponsorship, and event brochures to ensure professionalism and information accuracy. Serving as a liaison between 13 fest verticals, authorities, and external vendors to facilitate seamless communication and coordination among all stakeholders.

Industry Interaction and Entrepreneurial Culture

The IPM Entrepreneurship and Industry Connect Cell (E-Cell) at IIM Indore fosters entrepreneurial talent and business acumen within the IPM community. They provide resources, mentorship, and opportunities for collaboration with professors, alumni, and industry professionals, helping students turn their ideas into successful ventures while promoting a culture of innovation and continuous learning.

The Entrepreneurship Cell also runs IIM Indore's first seed funding competition, Escalon, with a prize pool of over 2 lakh INR.

The E-Cell has facilitated student internships in companies across the country and the globe, in companies such as TATA Steel, HCL, EY, and more.

Live projects acquaint students with the vision of the working environment and reinforce leadership qualities and discipline at work. We have associated with Tata International, Radisson Blu, Sayaji hotels, AiCTSL, Shakti pumps, Arucom Electronics and many more, and conducted visits to BSE, Indian Oil Corporation, SEBI, Cipla, RBI, and HUL to name a few.

Social Sensitivity

With Social Internships at the forefront, IIM Indore takes great pride in inculcating a sense of social responsibility in its students while providing world-class education. This is done through an active part students take in various student bodies which aim to bring about positive change in the society.

'Aasha': Aasha, the IPM Social Club of IIM Indore is committed to bringing about societal change that positively affects all community members, including students, staff, faculty and people outside the campus. Its dedication to a sustainable future is reflected in its initiatives focused on environmental protection and social welfare. Furthermore, it believes in giving back to the community. Aasha facilitates opportunities for IPM students to volunteer and participate in various social drives to ensure the upward mobility of the underprivileged classes. It maintains a social media presence, highlighting its initiatives and meaningful contributions to society and the IPM community.

It also runs the 'El Amigo' peer counseling initiative, an initiative by the institute for helping students manage their psychological difficulties and social relations.

'i-Help': The IPM Social Literacy Organization is a student-driven voluntary teaching programme helping provide quality education to underprivileged children. By associating with various schools and NGOs, i-Help has impacted over 1,350 students in 4+ schools, delivering 3,600+ man hours and 3,000+ teaching hours with the support of 300+ volunteers.

Since its inception, i-Help has prepared students for prestigious scholarships like NMMS and JNVST, with 22 students securing scholarships worth over 10.56 lakh rupees in six years. Engaging students in co-curricular activities and life skills sessions, i-Help ensures holistic development, making education a cornerstone of societal growth and transformation.

Social Impact and Community Engagement in Atharv Ranbhoomi: The fest conducts a scholarship test for over 150 underprivileged children, with a prize pool of 40,000 rupees. Additionally, we coordinate and execute the Pi quiz competition, involving over 3,000 students from more than 500 schools nationwide, to help craft responsible leaders tomorrow.

Student Experiences

"My internship gave me a deeply enriching introduction to blended and outcomes-based finance. I worked across multiple workstreams - sizing the addressable market for a non-profit working-capital facility by analysing a registry of over 30,000 organisations, researching credit-enhancement mechanisms used to de-risk capital for underserved enterprises, and developing case studies on innovative financing structures for a foundation-led workshop. I also contributed to mapping the institutional ecosystem of a major development finance institution, deepening my understanding of how capital moves through the sector. This experience sharpened my ability to translate complex financial analysis into clear, decision-ready insights. I'm grateful to The Blended Finance Company for this opportunity and to the Social Placements Committee for facilitating it."

-Jagannath Athmaraman (Intern at The Blended Finance Company)

"My internship with Vodafone Idea Foundation under Gurushala was an incredibly enriching experience that gave me the opportunity to contribute to the Centre for AI in Education initiative at DIET Varanasi. I worked on designing the first five weeks of an AI literacy programme for pre-service teachers by developing PowerPoint modules, creating quizzes, classroom activities, reflection prompts and assessment briefs, curating educational resources, and supporting pilot sessions. Observing participant engagement and incorporating feedback into subsequent iterations taught me the importance of designing content that is both accessible and pedagogically effective. The experience strengthened my instructional design, research, and communication skills while giving me a deeper appreciation of the digital literacy challenges educators face and the role thoughtful teacher training can play in enabling responsible AI adoption. I am grateful to SPC and the organisation for this opportunity."

- Tejal Doshi (Intern at Vodafone Idea Foundation)

"My internship at the Centre for WTO Studies, under IIFT and the Ministry of Commerce and Industry, was a deeply enriching introduction to how trade and investment policy actually gets made. I led an independent research project measuring investor-friendliness across 13 of India's investment treaties, building a clause-level scoring rubric that revealed a striking gap between India's older and newer trade agreements in the protections they offer investors. Alongside this, my work fed directly into assignments for the Ministry, including a tariff diagnostic of the India-Japan CEPA and trade profiling workbooks spanning four countries, knowing it would inform real negotiating positions. The experience sharpened my research methodology, statistical reasoning, and written communication, while teaching me to manage multiple parallel workstreams under real deadlines. More than the technical skills, it showed me how a policy choice that looks like a legal technicality can shape whether a factory gets built or a livelihood sustained. I am grateful to CWS and the Social Placements Committee for this invaluable opportunity."

-Laksh Saxena (Intern at Centre for Research on International Trade)

"My internship at Larsen & Toubro gave me a hands-on introduction to how a corporate foundation actually runs its programmes, not just funds them. I worked across multiple workstreams - drafting the complete partnership plan for Mizuho Bank across the Education, Health, and Livelihoods verticals, along with the job descriptions and requirements necessary for recruitment; building Monitoring & Evaluation and MEL indicator frameworks from scratch for health and education programmes, including Mobile Health Units and the Second Chance Program, that had no structured monitoring system in place; leading a fund bifurcation exercise at the Trust's Nirali Health Centre, visiting the facility to formally separate its for-profit and not-for-profit operations and disentangle in-house functions from outsourced ones; along with creating MOUs and then auditing draft-versus-signed MOU figures across more than 18 partner organisations to catch discrepancies before they turned into compliance problems. A field visit to Khalapur block, meeting the Panchayat Samiti, Gram Sevaks, and the Taluka Health Officer, also fed into my understanding of government initiatives and put forward a recommendation that the Trust's future expansion prioritize underserved villages over its already-saturated intervention areas. The experience sharpened my ability to design systems where lacking and turn operational complexity into something leadership could actually act on. I'm grateful to L&T Public Charitable Trust for this opportunity and to the Social Placements Committee for facilitating it."

- Jeevika Vinod Gajbhiye (Intern at Larsen & Toubro - Public Charitable Trust)

"My internship at Tata Consumer Products gave me a hands-on introduction to how sustainability reporting is evolving into a more rigorous part of financial communication. Working with the Sustainability team, I supported TCPL's transition towards IFRS S1 and S2 through multiple workstreams - researching global adoption of the standards, mapping their interoperability with frameworks including TCFD, GRI, CDP, TNFD and ESRS, and developing reference material to translate complex requirements into practical guidance. The most substantive part of my work was a clause-level gap analysis of TCPL's FY 2024-25 Integrated Annual Report, assessing over 100 disclosure requirements and identifying 70+ gaps and improvement areas across governance, strategy, risk management and metrics. The gap analysis led me to work further on areas such as connecting sustainability disclosures with financial statements and strengthening climate scenario analysis. The experience allowed me to translate my financial knowledge into practice, while developing my ability to turn complex technical research into decision-ready insights for the team. I am grateful to Tata Consumer Products and the Social Placements Committee for this opportunity."

-Atharv Verma (Intern at Tata Consumer Products)
