Integrated Programme in Management

The five year Integrated Programme in Management (IPM) is a novel enterprise of IIM Indore. In a country where IIMs are known for postgraduate management studies, IIM Indore has taken a step forward towards giving the country, not only good managers but leaders – leaders who have been nurtured from a very tender age to bring about a change in the world.

IPM is the epitome of holistic education where the mind is not only honed to think, analyse, observe, critique and endeavour but also moulded to lead. IPM is that platform which brings forth bright, curious young minds and shapes them into the leaders that this country needs.
